

RGB Globes

Also known as Spheres, Minleon RGB Globes hang in the air, on a Christmas tree or staked to the ground in a garden setting. Run up to 12-23 Globes on a single power supply.

Features:

- Full color-changing, 12-bit RGB-LEDs
- IP65 rated for outdoor use when ground mounted
- Working temp: Neg-15 deg. to Plus+50 deg C
- Five sizes, see specs below
- Compatible with Minleon controllers & accessories
- Polyethylene material
- Includes Globe T-way to connect multiples
- Spacers available to hang Globes at different heights
- Stakes & ground mount available
- White, green or black wire options
- Minleon RGB controller needed to operate
- 12-volt DC power
- 12-month warranty

Specifications:

<u>Dia. in mm</u>	<u>Dia. in inches</u>	<u># of RGB-LED's</u>	<u>Wattage</u>	<u>Current</u>	<u>Max. # on 12VDC/5Amp power supply*</u>
250	9 7/8	20	1.8	0.15 Amps	23
300	11 3/4	24	2.5	0.20 Amps	17
350	13 3/4	28	2.9	0.24 Amps	15
400	15 3/4	32	3.6	0.30 Amps	12
500	19 3/4	32	3.6	0.30 Amps	12

*Accounts for Voltage Drop & 5-foot spacers. If using longer spacers test for reliability.
